# **Summary of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013**

#### **Annexure 4: Summary of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013**

1. The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 has been effective from January 1, 2014 to the whole of India. The Act repealed the Land Acquisition Act, 1894.
2. The aims and objectives of the Act include: (i) to ensure, in consultation with institutions of local self-government and Gram Sabha established under the Constitution of India, a humane, participative, informed and transparent process for land acquisition for industrialization, development of essential infrastructural facilities and urbanization with the least disturbance to the owners of the land and other displaced families; (ii) provide just and fair compensation to the displaced families whose land has been acquired or proposed to be acquired or are affected by such acquisition; (iii) make adequate provisions for such displaced persons for their rehabilitation and resettlement; (iv) ensure that the cumulative outcome of compulsory acquisition should be that displaced persons become partners in development leading to an improvement in their post-acquisition social and economic status and for matters connected therewith or incidental thereto.
3. Section 27 of the Act defines the method by which market value of the land shall be computed under the proposed law. Schedule I outlines the proposed minimum compensation based on a multiple of market value. Schedule II through VI outline the resettlement and rehabilitation entitlements to land owners and livelihood losers, which shall be in addition to the minimum compensation per Schedule.
4. Preparation of Social Impact Assessment Study under section 4(1): it is obligatory for the appropriate Government intends to acquire land for a public purpose to carry out a Social Impact Assessment study in consultation with concern Panchayat, Municipality or Municipal Corporation, as the case may be, at village level or ward level in the affected area. The Social Impact Assessment study report shall be made available to the public in the manner prescribed under Section 6.
5. **Notification under Section 11 (1):** Whenever, it appears to the appropriate Government that land in any area is required or likely to be required for any public purpose, a notification to that effect along with details of the land to be acquired in rural and urban shall be published in the official Gazette in two daily newspapers circulating in the locality of such area of which one shall be in the regional language; in the local language in the *Panchayat*, Municipality or Municipal Corporation, as the case may be and in the officers of the District Collector, The Sub-divisional Magistrate and the *Tehsil*; uploaded on the website of the appropriate Government in the affected areas.
6. **Hearing of Objection under section 15 (1):** any person interested in any land which has been notified under sub-section (1) of section II, as being required or likely to be required for a public purpose, may within sixty days from the date of the publication of the

preliminary notification makes his/ her objection, if any, to the collector in writing and shall be heard by the collector or by any person authorized by him/her in this behalf or by an Advocate. After hearing all such objections and after making such further inquiry, if any, as he/she thinks necessary, either make a report in respect of the land which has been notified under sub-section (1) of Section II, or make different reports in respect of different parcels of such land, to the appropriate Government, containing his/her recommendations on the objections, together with the records of the proceedings held by him/her along with a separate report giving therein the approximate cost of land acquisition, particulars as to the number of displaced families likely to be resettled, for the decision of that Government.

7. **Publication of declaration and summary of Rehabilitation and Resettlement under Section 19 (1):** when the appropriate Government is satisfied, after considering the report, if any, made under sub-section (2) of Section 15, that any particular land is needed for a public purpose, a declaration shall be made to that effect, along with a declaration of an area identified as the “resettlement area” for the purpose of rehabilitation and resettlement of the displaced families. It is obligatory for the State to publish declaration in the official Gazette; in two daily newspapers circulating in the locality of such area of which one shall be in the regional language; in the local language in the *Panchayat*, Municipality or Municipal Corporation, as the case may be and in the offices of the District Collector, The Sub-Divisional Magistrate and the *Tehsil*; uploaded on the website of the appropriate Government; in the affected areas.
8. After declaration the Collector shall take order for acquisition. The Collector then causes the land to be marked out, measured and planned. The Collector then causes public notice to be given at convenient places on or near the land to be taken, stating the intention of the Government to take possession of the land, and that claims to compensation may be made.
9. **Enquiry and Land Acquisition award by Collector under Section 23:** on the day so fixed, or any other day to which the enquiry has been adjourned, the Collectors shall proceed to enquire into the objections (if any) which any person interested has stated pursuant to a notice given under section 21, to the measurements made under Section 20, and into the value of the land at the date of the publication of the notification, and into the respective interest of the persons claiming the compensation and rehabilitation and resettlement, shall make an award under his/ her hand of:
  - i. the true area of the land;
  - ii. the compensation as determined under Section 27 along with Rehabilitation and Resettlement award as determined under Section 31 and which in his/her opinion should be allowed for the land, and;
  - iii. the apportionment of the said compensation among all the persons known or believed to be interested in the land, of whom, or of whose claims, he has information, whether or not they have respectively appeared before him.

- iv. **Period within which an Award shall be made:** under Section 25, it is obligatory for the Collectors to make an Award within a period of twelve months from the date of publication of the declaration under Section 19 and if no Award is made within the period, the entire proceedings for the acquisition of the land shall lapse.
10. **Determination of market value of land by Collector under Section 26 (1):** The Collector shall adopt the following criteria's in assessing and determining the market value of the land, namely:
- i. the market value, if any, specified in the Indian Stamp Act, 1899 for the registration of sale deeds or agreements to sell, as the case may be, in the area, where the land is situated; or
  - ii. the average sale price for similar type of land situated in the nearest village or vicinity area; or
  - iii. consented amount of compensation as agreed upon under sub-section (2) of section 2 in case of acquisition of lands for private companies or for public private partnership projects. Wherever is higher.
11. **Determination of amount of Compensation under section 27:** The Collector having determined the market value of the land to be acquired shall calculate the total amount of compensation to be paid to the landowner (whose land has been acquired) by including all assets attached to the land.
12. **Determination of value of things attached to land or building under section 29 (1):** The Collector in determining the market value of the building and other immovable property or assets attached to the land or building which are to be acquired, use the services of a competent engineer or any other specialist in the relevant field, as may be considered necessary by him/her. Under Section 29 (2), the Collector for the purpose of determining the value of trees and plants attached to the land acquired, use the services of experienced persons in the field of agriculture. In the same manner, the Collector under Section 29(3), for the purpose of assessing the value of standing crops damaged during the process of land acquisition, may use the services of experienced persons in the field of agriculture.
13. **Rehabilitation and Resettlement Award for displaced families by Collector under Section 31(1) of Section V:** The Collector shall pass Rehabilitation and Resettlement Awards for each displaced family in terms of the entitlements provided in the second schedule. As per Section 31 (1), the Rehabilitation and Resettlement Award shall include all the following, namely;
- i. Rehabilitation and resettlement amount payable to the family;
  - ii. Bank account number of the person to which the rehabilitation and resettlement award amount is to be transferred;
  - iii. Particulars of house site and house to be allotted, in case of displaced families;

- iv. Particulars of the land allotted to the displaced families;
  - v. Particulars of one-time subsistence allowance and transportation allowance in case of displaced families;
  - vi. Particulars of payment for cattle shades and petty shops;
  - vii. Particulars of one-time amount to artisans and small traders;
  - viii. Details of mandatory employment to be provided to the members of the displaced families;
  - ix. Particulars of any fishing rights that may be involved;
  - x. Particulars of annuity and other entitlements to be provided;
  - xi. Particulars of special provisions for the scheduled caste and the scheduled tribes to be provided.
14. **Special powers in case of urgency to acquire land in certain cases under Section 40 (1):** in case of urgency, whenever the appropriate Government so directs, the Collector, though no such award has been made, may, on the expiration of thirty days from the publication of the notice mentioned in section 21, take possession of any land needed for a public purpose and such land shall thereupon vest absolutely in the Government, free all encumbrances.
15. **Special Provision for Scheduled Caste and Scheduled Tribes under Section 41 (1):** as far as possible, no acquisition of land shall be made in the Scheduled Areas. As per section 41 (2), where such acquisition does take place it shall be done only as a demonstrable last resort. As per section 41 (3), in case of land acquisition in Scheduled Area, the prior consent of the concern *Gram Sabha* or the *Panchayats* or the autonomous District Councils shall be obtained.
16. In case of a project involving land acquisition on behalf of a Requiring Body which involves involuntary displacement of the Scheduled Caste or the Scheduled Tribes families, a Development Plan shall be prepared (section 41 [4]). As per section 41 (5), the Development Plan shall also contain a program for development of alternate fuel, fodder and non-timber forest produce resources on non-forest lands within a period of five years.
17. In case of land being acquired from members of Scheduled Caste or the Scheduled Tribes, at least one-third of the compensation amount due shall be paid to the displaced families initially as first installment and the rest shall be paid after taking over of the possession of the land. The displaced families of the Scheduled Tribes shall be resettled preferably in the same Scheduled Area in a compact block so that they can retain their ethnic, linguistic and cultural identity.
18. Under Section 42 (1), all benefits including the reservation benefits available to Scheduled Caste and the Scheduled Tribes in the affected areas shall continue in the resettlement area.

GOVERNMENT OF ASSAM  
ORDERS BY THE GOVERNOR  
PUBLIC WORKS ROADS (DEVELOPMENT A-1 BRANCH) DEPARTMENT

## NOTIFICATION

The 20th January, 2021

No. DA5R.80/2020/3.-The Governor of Assam is pleased to order "Land acquisition through direct purchase by way of negotiated settlement for improvement and upgradation of State Highways and Major District Roads under Asom Mala Program and Externally Aided Projects (EAPs)" as enunciated in the enclosed document in Annexure 1. It will come into force with effect from the date of publication in the Assam Gazette and will remain in operation till such time as the State Government may consider fit and proper. The Government also reserves the right to make any amendment to the Policy from time to time.

**Annexure-1**

**Land acquisition through Direct Purchase by way of negotiated settlement for improvement and upgradation of State Highways and Major District Roads under Asom Mala Program and Externally Aided Projects**

1. Government of Assam has initiated the flagship program Asom Mala for improvement and widening of State Highways and Major District Roads. It would be a large and prestigious long-term road infrastructure development program which in addition to State funded works, would also include several Externally Aided Projects (EAP) under its umbrella. The works under Asom Mala would involve big highway contracts with substantial land acquisition. The readiness criteria for EAPs require completion of 50% of land acquisition for a project before loan negotiation. Ministry of Road Transport & Highways (MoRTH) stipulates 90% land availability before starting the works.
2. The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 (RFCTLARRA) enacted by Government of India, with effect from 1<sup>st</sup> January 2014, superseded all previous land acquisition Acts and Rules in India. It includes provision for Rehabilitation and Resettlement (R&R) of project affected families and persons in addition to cost of acquiring land. The State of Assam made the Assam RFCTLARR Rules 2015 on the provisions of the RFCTLARR Act, 2013 with a number of sequential compulsory processes, involvement of number of bodies as well as statutory waiting time between different processes. Acquisition of land as per the general procedure laid down in the said Act and Rules require a very long time from Notification to possession of land.
3. Asom Mala being a flagship programme of Government of Assam, calls for expeditious acquisition of land for speedy implementation of the programme. Section 46(1) of the RFCTLARRA has been considered for direct purchase of land for the programme.
4. Government of Assam has adopted land acquisition through Direct Purchase by way of negotiated settlement for improvement and upgradation of State Highways and Major District Roads under Asom Mala Program and Externally Aided Projects. The important steps and features of the Direct Purchase include the following:
  - 4.1. Step 1: The Requisitioning Department i.e. PWRD shall finalise the minimum extent of land required for each road project under Asom Mala and EAP. The Requisitioning agency shall give the requisition to the concerned Deputy Commissioner/District Collector (DC) in Form-A.
  - 4.2. Step 2: A District level Land Purchase Committee (DLLPC) under chairmanship of concerned DC is to be constituted for direct purchase of land as well as fixation of market value, etc. The DLLPC will be constituted of the following concerned persons:
    - Deputy Commissioner/District Collector – Chairman
    - Additional Deputy Commissioner (Revenue) – Member Secretary
    - Executive Engineer, PWRD – Member
    - Executive Engineer, Building, PW (Bldg & NH) Deptt. – Member
    - Revenue Circle Officer - Member
    - Sub-Registrar - Member
    - Representatives from other departments, as decided by the Convener

- 4.3. Step 3: Concerned Revenue Circle Officer, concerned Executive Engineer of PWD (Building) along with representative of Requiring Department will conduct joint inspection of the requisite land. The area of the land and immovable properties attached on it will be measured and mapped.
- 4.4. Step 4: General notice shall be issued by the District Level Land Purchase Committee inviting the attention of the land owners regarding purchase of the land.
- 4.5. Step 5: The owners of the land who may agree to sell the land may be identified and a list may be prepared after ascertaining the actual owner of the land.
- 4.6. Step 6: The list may be published inviting objections, if any, regarding interest and ownership of the land, etc. There may be one (1) month of waiting period for receiving objections from the Land Owners, if any.
- 4.7. Step 7: DLLPC will prepare the valuation of land and assets. The requisitioning agency may also define a few typical immovable assets of different categories and fix the guidance price through appropriate authority. This price of the assets attached to the land may be calculated on pro-rata basis on typical immovable assets mentioned above.
- 4.8. Step 8: The valuation of the land and assets, if any thereon, the particulars of the land, name of owners, etc. shall be prepared.
- 4.9. Step 9: The Direct Purchase Price shall be 25% higher on the compensation calculated as per provisions of Section 26 to 30 & Schedule I of RFCTLARR Act 2013 with multiplier of market rate of land defined through the Assam Land Acquisition Notification No. RLA 300/2013/Pt-II/7 dated 22nd December, 2014 (in compliance with Section 26 (2) and Serial 2 of First Schedule of RFCTLARR Act 2013). The R&R benefit will be deemed included in it.
- 4.10. Step 10: On completion of the Statutory waiting period specified in step 6, the DLLPC will inform the respective land owners, who are interested or not raising any objections for Negotiation.
- 4.11. Step 11: Pre-informed negotiation(s) with the respective Land Owners will be carried out by DLLPC.
- 4.12. Step 12: The settlement reached in the negotiation shall be recorded as Agreement through Form-B and Form-C for land owners and for interested persons other than land owners, if any, respectively. An undertaking may be signed by the land owners declaring that they will not claim for payment of higher compensation in any court of law or any other forum and shall abide by the sale agreement finalized by the DLLPC. The land owners and other interested persons have to provide their electronic transfer details through electronic transfer mode.
- 4.13. Step 13: The Deputy Commissioner/ District Collector may requisition necessary funds from the Requiring Department.
- 4.14. Step 14: The Deputy Commissioner/ District Collector shall make an Award according to the terms of such Agreement by the DLLPC. The possession of the Land is taken through paying the negotiated Price directly to the land owners or interested persons other the land owner, if any, through electronic transfer to their respective bank accounts.

310 THE ASSAM GAZETTE, EXTRAORDINARY, JANUARY 22, 2021

- 4.15. Step 15: The list of the rightful land owners so prepared may be communicated to the concerned Sub-Registry Office for registration of Conveyance Deed. The Stamp duty in the Indian Stamp Act, 1899, will be exempted, in respect of instrument executed by, or on behalf of, or in favour of Government.
- 4.16. Step 16: The concerned Deputy Commissioner/ District Collector will transfer the land in favour of the Requisitioning Agency.
- 4.17. Step 17: In the event of any owner refusing to sell the land or any of the owners has objected or not interested with the direct purchase through negotiation, the respective land may be acquired through land acquisition process of Assam Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Rules 2015.
5. The cost of Direct Purchase Price and process of Direct Purchase shall be borne by the Requisitioning Agency.
6. The Direct Purchase method will be all encompassing and inclusive of all compensation and R&R benefits, as specified in 2nd & 3rd Schedule of RFCTLARR Act 2013 or in R&R benefits of Multilateral Development Banks for Titleholders. The price of land shall be fixed based on negotiations and mutual consent, hence no separate rehabilitation and resettlement benefits shall be payable to the land owners.
7. The Rehabilitation & Resettlement and Entitlements for non-Titleholders shall be considered separately, if applicable as per the guidelines of External Funding Agencies for EAPs.
8. The formats for application and other requisition forms are enclosed as *Annexure 2*. The procedure for calculating the Direct Purchase Price of land, and other properties attached with it, is provided in *Annexure 3*.

**Calculation of Direct Purchase Price**

The Compensation of Land Acquisition as per Section 26 to 30 of the RFCTLARR Act 2013 is shown below:

**1. Section 26 of RFCTLARR Act 2013**

- a) The base rate of land (*Sub-section (1) of Section 26 of RFCTLARR Act 2013*) will be determined by the highest value among:
- The market value, if any, specified in the Indian Stamp Act 1899 for the registration of sale deeds or agreements to sell, as the case may be, in the area, where the land is situated;
  - The average sale price of similar type of land situated in the nearest village or nearest vicinity area; and
  - Consented amount of compensation as agreed upon under sub-section (2) of section 2 of RFCTLARR Act 2013 in case of acquisition of lands for private companies or for public private partnership projects
- b) The market value of land shall be multiplied by a factor (*Sub-section (2) of Section 26 of RFCTLARR Act 2013*), of i) 1.00 (One) for land in urban areas or, ii) 1.5 (one and half) if the radial distance of the land is up to 10 km from the nearest urban area or, iii) 2.00 (two) if the radial distance of the land is beyond 10 km from nearest urban area (*Ref. Notification No. RLA 300/2013/Pt-II/7 dated 22<sup>nd</sup> Dec 2014 of Govt. of Assam*)

**2. Section 29 of RFCTLARR Act 2013**

- a) Market value of building and other immovable property and assets attached to the land will be calculated by the competent Engineer or any other specialist in the relevant field (*Ref. sub-section (1) of Section 29*).
- b) Value of trees and plants attached to the land will be calculated by the experienced persons in the field of agriculture, forestry, horticulture, sericulture or any other relevant field, as the case may be (*Ref. sub-section (2) of Section 29*).
- c) Value of standing crops damaged during the process of land acquisition will be calculated by the experienced persons in the field of agriculture (*Ref. sub-section (3) of Section 29*).

**3. Section 30 of RFCTLARR Act 2013**

- a) A Solatium of 100% on the compensation amount of land, immovable assets attached with the land and standing crops will be added to determine the total compensation (*Ref. sub-section (1) of Section 30 of RFCTLARR Act 2013*)
- b) Individual awards detailing the particulars of compensation and details of payment of compensation as specified in Schedule I of the RFCTLARR Act 2013 will be issued (*Ref. sub-section (2) of Section 30 of RFCTLARR Act 2013*)
- c) The land value defined u/s 26 of RFCTLARR Act 2013, will also attract an amount calculated at 12% per annum for the period commencing on and from the date of notification till the date of award (*Ref. sub-section (3) of Section 30 of RFCTLARR Act 2013*).

#### 4. Simple valuation of immovable assets attached to the land

To facilitate quicker and simpler valuation on immovable assets on the land to be acquired, a few typical specifications of different categories of all possible immovable assets, attached to land may be defined. The guidance price of these typical assets may be prepared and vetted through appropriate authority. The valuation of immovable assets attached to the land will be calculated on pro-rata basis of the guidance price, without depreciation, of the respective asset.

#### 5. Direct Purchase Price

The land owners will get an incentive of 25%, inclusive of R&R Benefits, on the compensation calculated as per provisions of Section 26 to 30, Valuation of immovable assets & Schedule I of RFCTLARR Act 2013, as he has readily agreed to be a part of the project.

The Price of Direct Purchase (DP) will be:

$$DP = 2.5 \times \{(R \times M \times A) + (B + O)\} + [0.12 \times Y \times \{(R \times M \times A) + (B + O)\}]$$

where:

R is the base rate of Land

M is the Multiplier

A is the affected area

B is the market value of Buildings

O be cost of all immovable assets & standing crops

Y<sup>1</sup> is the year from date of notification to award of compensation

The Direct Purchase method will be all encompassing and inclusive of all compensation and R&R benefits, as specified in 2nd Schedule of RFCTLARR Act 2013 or in R&R benefits of Multilateral Development Banks (MDBs) for Titleholders. The purchase price of land shall be fixed based on negotiations and mutual consent, hence no separate rehabilitation and resettlement benefits shall be payable to the land owners.

## **Labour Management Plan**

## **Introduction**

This Plan describes the requirements for the civil contractors about labour and working conditions applicable during the design, construction, and decommissioning phases of the ASOM-MALA project. It aims to ensure the management and control of activities that may pose labour-related risks. This Plan sets out potential impacts and consequences and describes how they will be mitigated.

## **Scope**

This Plan describes the requirements and expectations in terms of compliance, reporting, roles, supervision, and training with respect to labour and working conditions, including camp accommodation. It covers all production activities for Upstream Facilities, the Pipelines, and the Power Plant. This Plan is expected to be adopted and applicable to all civil contractors.

## **Objectives**

The objectives of this Plan are to:

- Promote fair and equitable labour practices for the fair treatment, non-discrimination and equal opportunity of workers.
- Establish, manage, and promote a healthy management-worker relationship.
- Protect workers' rights including migrant and third-party workers.
- Promote healthy, safe, secure, and comfortable accommodation that does not impact negatively on the communities in the surrounding area.

## **Gender Action Plan**

## **Gender Action Plan**

The Gender Action Plan covers two segments of women: one, the women workforce employed in the construction work and second, the local women and girls living in the villages located in the vicinity of the project. Regarding the first, there are various constitutional and legal provisions for gender equality and women's empowerment, some of which are listed below:

**Equal Remuneration Act, 1973** provides for payment of equal remuneration to men and womenworkers for the same work of similar nature without any discrimination. To ensure social security to the workers including women in the unorganized sector, the Government has enactedthe Unorganized Workers' Social Security Act 2008.

**The Maternity Benefit Act, 1961** and **The Maternity Benefit (Amendment) Act, 2017** regulateemployment of women in certain establishments for a certain period (26 weeks) before and afterchildbirth and provides for maternity and other benefits.

## **The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act (POSH), 2013**

The Vishakha Guidelines were a set of procedural guidelines for use in India in cases of sexual harassment. They were promulgated by the Indian Supreme Court in 1997 and were superseded in 2013 by the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, which covers all women, irrespective of their age or employment status and protect them against sexual harassment at all workplaces both in public and private sector, whether organized or unorganized.

Sexual harassment includes such unwelcome sexually determined behavior (whether directly or by implication) as a) physical contact and advances; b) a demand or request for sexual favors; c) sexually colored remarks; d) showing pornography; e) any other unwelcome physical verbal or non-verbal conduct of sexual nature.

Where any of these acts is committed in circumstances where the victim has a reasonable apprehension that in relation to the victim's employment or work whether she is drawing salary, or honorarium or voluntary, whether in government, public or private enterprise such conduct can be humiliating and may constitute a health and safety problem.

In addition to ensuring compliance with the other provisions stipulated, the Sexual Harassment Act casts certain obligations upon the employer to, inter-alia,

- provide a safe working environment
- display conspicuously at the workplace, the penal consequences of indulging in acts that may constitute sexual harassment and the composition of the Internal Complaints Committee
- organize workshops and awareness programmes at regular intervals for sensitizing employees on the issues and implications of workplace sexual harassment and organizing orientation programmes for members of the Internal Complaints Committee
- treat sexual harassment as a misconduct under the service rules and initiate action for misconduct.
- The employer is also required to monitor the timely submission of reports by the Internal Complaints Committee.

### **Women in Construction Activities**

The construction contractor will set up their construction camps on identified locations where labor force required for the construction activities will be provided with temporary residential accommodation and other necessary infrastructure facilities. The labor force required for the construction activities will mostly be of semi-skilled and high-skilled categories. In addition, there will be requirement of unskilled labor where women will certainly contribute. Apart from this, women as family members of the skilled and semi-skilled laborers may also stay in the construction camps and will be indirectly involved during the construction phase. The families of labor will include their children also. Foreseeing the involvement of women both directly and indirectly in the construction activities, certain measures are required to be taken towards welfare and wellbeing of women and children in particular during the construction phase.

#### ***Specific Provision for Women in the labour Camps***

It needs to be pointed out that females along with the male members of the family may be engaged in the construction work and stay in temporary construction camps. They are likely to face many adverse conditions and realizing this, several welfare provisions mentioned under this section have been planned directed to cover all the women and children living in the construction camp.

#### ***Temporary Housing***

During the construction work phase, the families of laborers/workers should be provided with residential accommodation suitable to nuclear families.

#### ***Health Centre***

Health problems of the workers should be taken care of by providing basic health-care' facilities through health centers temporarily set up for the construction camp. The health center should have at least a visiting doctor, nurses, general duty staff, free medicines and minimum medical facilities to tackle first-aid requirements or minor accidental cases, linkage with nearest higher order hospital to refer patients of major illnesses and critical cases. Apart from this, the health center should be provided with regular vaccinations required for children.

#### ***Day Crèche Facilities***

It is expected that among the women workers there will be mothers with infants and small children. Provision of a day crèche may solve the problems of such women who can leave behind their children in such crèche and work for the day in the construction activities. The crèche should be provided with at least a trained worker to look after the children. The worker, preferably women, may take care of the children in a better way. In cases of emergency, she, being trained, can tackle the health problems of the children and can organize treatment linking the nearest health center.

#### ***Proper Scheduling of Construction Works***

Owing to the demand of a fast construction work it is expected that a 24 hours long work schedule would be in operation. Women should be exempted from night shifts works as far as possible.

#### ***Education Facilities for children***

The construction workers are mainly mobile groups of people. They are found to move from one place to another taking along their families with them necessitating the need for educating their

children at the place of their work. For this at least primary schools are required to be planned near the construction camps. Wherever feasible, day crèche facilities could be extended with primary educational facilities. Alternatively, evening classes can be arranged for these children in the local schools.

### **Women in the villages in the project area**

There is likelihood of Sexual Harassment of women and instances of Gender Based Violence due to the influx of the large number of outsiders, construction labour who will be staying in the area for the entire duration of construction and the drivers, cleaners and a host of transporters and petty traders who will be frequenting the area. A proper code of conduct for the resident work force and guidelines for the visitors will be put in place to deter them from any unwarranted behavior towards local women and girls.

The POSH/PASH of the project proponent will be prominently displayed at the labor camps and work sites. Section on GBV and the salient features of PASH/POSH will also be included in the orientation training modules for the labour and staff. At the time of joining, the staff and labour will have to sign the Code of Conduct and give to the HR department for filing.

### **Gender Based Violence**

GBV is any harmful act that is perpetrated against a person's will and that is based on socially-ascribed gender-related differences between people. It includes acts that inflict physical, sexual or mental harm or suffering, threats of such acts, coercion, and other deprivations of liberty. These acts can occur in public or in private.

Sexual exploitation and abuse (SEA) is any actual or attempted abuse of a position of vulnerability, differential power, or trust, for sexual purposes, including, but not limited to, profiting monetarily, socially or politically from the sexual exploitation of another. Project beneficiaries and members of project-affected communities, especially women, may experience SEA. Sexual harassment (SH) includes unwelcome sexual advances, requests for sexual favors, and other unwanted verbal or physical conduct of a sexual nature. SH may occur between personnel/staff working on the Project.

The Activity Plan defines Gender-Based Violence (GBV), describes the mechanism available to address such incidents, assesses the project scenario and potential risks for GBV and develops a plan for building capacity and increasing awareness amongst workers, laborers regarding socially/culturally appropriate behavior that would ensure that the project community and women in particular are safe, secured, and not vulnerable to abuse.

**Table 7: Sample GBV Prevention Action Plan**

Objective	Activity	Responsible Agency
Assess Potential Risk of GBV	Rapid assessment of worksite, project footprint (e.g. community structure, local self-governance, national regulations, history of incidence), type of workers (local or migrant) for possible GBV risk. Awareness generation	<ul style="list-style-type: none"> <li>▶ Distribution of leaflets propagating gender-appropriate behaviour</li> <li>▶ Signing of self-declaration format on commitment towards gender-sensitive behaviour</li> </ul>	

### Special Measures for Controlling STD and AIDS

Solitary adult males usually dominate the labor force of construction camps. They play a significant role in spreading sexually transmitted diseases. In the construction camps as well as in the neighboring areas they are found to indulge in physical relations with different women. This unhealthy sexual behavior gives rise to STDs and AIDS. While it is difficult to stop such activities, it is wise to make provisions for means of controlling the spread of such diseases. Awareness camps for the target people, both in the construction camp and neighboring may help to a large extent in this respect for controlling the deadly disease.

### Gender Monitoring Indicators

Following indicators would be used to adequately monitoring the Gender and Accountability Action Plan:

- Number of women employed as a percentage of total persons employed in construction activities.
- Number of women workers earning same wage as men workers, as a percentage of total womenworkers employed in construction activities.
- Availability of basic amenities and separate toilet at campsite.
- Constitution of “GRC” at site to register cases of sexual harassment.

- Number of CoCs signed vis-a-vis number of labour and staff.
- Addition of salient features of PASH/POSH in the TBT.

### **Appointment of Special Officer**

An officer shall be inducted as GAAP officer and shall be responsible for the implementation of the GAAP, SMP and EMP along with grievance redressal. The Environment and Social Expert of the External Monitoring Consultant can be nominated as the GRO. He should maintain all records related to Actions taken under the Gender Action and Accountability Plan, grievances received, and decisions taken in the meetings of the GRC and also act as the coordinator between the different agencies involved in the implementation of the project.

# **Addendum to R&R Policy Framework of Assam State Roads Project, Feb 2018**

## ASSAM STATE ROADS PROJECT

### Addendum to Resettlement Policy Framework

#### 1. INTRODUCTION

The Policy and Legal Framework relating to land and resettlement and rehabilitation (R&R) of Assam State Roads Project was promulgated and in operation since year 2012 for the project. The Government approved the R&R policy framework and Entitlement Matrix indicating quantum of compensation/assistance to the various impact categories vide notification no. RBPC.723/2010/75 dtd 17th April, 2012. The land acquisition process for the project are being followed under the provision of the Land Acquisition Act. 1894 and 95% land for the project have already been acquired.

The revision of policy however becomes necessary as the Government of India has brought in force a new act viz, the "Right to Fair Compensation and Transparency in Land Acquisition and Rehabilitation and Resettlement Act. 2013" (RFCTLARR) with effect from 1-1-2014. The existing project R&R Policy including Entitlement Matrix has therefore been revised incorporating and in compliance to the provisions of the RFCTLARR. Since the LA process following the RFCTLARR Act. 2013 will take considerable time and the project is in advance stage, the land acquisition for the project will follow the process of Assam Land (Requisition & Acquisition) Act. 1964 by amending the Entitlement Matrix ensuring that the compensation and R&R assistance are as per prescribed in the RFCTLARR Act. 2013. The land will be acquired following the process of Assam Land Act, 1964 but the compensation and R&R assistance will be paid as per the amended entitlements presented below. The revised entitlement provisions provided in this Addendum is applicable retroactively for land notified for acquisition after January 1, 2014.

#### 2. THE KEY PROVISION OF ASSAM LAND (REQUISITION AND ACQUISITION) ACT, 1964.

The Assam Land (Requisition and Acquisition) Act. 1964 has come into force from 3<sup>rd</sup> August, 1964. If the opinion of the State Government or any person authorized in his behalf by the state Government it is necessary so to do, for maintaining supplies and services essential to the life of community or for providing proper facilities for accommodation, transport, communication, irrigation, flood control and anti erosion measures including embankment and drainage or for providing land individually or in groups to landless, flood affected or displaced person, the state Government or the person so authorized, as the case may be, by order in writing, requisition any land and may make such further orders as appear to it or to him be necessary or expedient in connection with the requisition.

1. When it is necessary to requisition any land, the person interested in the land shall be informed of the intension of requisitioning his land in the form of a notice in Form "A". The person interested may make written representation, if any, against it within 15 days from

the date of receipt of such information.

2. An order of requisition under S.3(1) shall be in Form "B"

3. An order S.4(1) of the Act. Shall be in Form "C" where the surrender or delivery of possession is to be made to any person other than the collector, the later shall issue an order authorizing the person before an order for surrender or delivery of possession is issued.

4. Where any land has been requisitioned under S.3, the state Government may acquire such land under S. 6(1) or S.9(1) publishing notice in official Gazette in Form "D" or Form "F"

5. After the publication of a notice under S.6(1) or S.9(1), the collector shall cause public notice to be given at convenient place, stating that the State Government has acquire the land, and that claims to compensation for all interest in such land may be made to him.

### **3. THE RIGHT TO FAIR COMPENSATION AND TRANSPARENCY IN LAND ACQUISITION, REHABILITATION AND RESETTLEMENT (RFCTLARR) ACT, 2013**

The Right to fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act (2013) is applicable to the whole of India except the state of Jammu and Kashmir. The provisions of this Act relating to land acquisition, compensation, rehabilitation and resettlement, shall apply, when:

- Government acquires land for its own use, hold and control, including land for Public sector undertakings.
- Government acquires land with the ultimate purpose to transfer it for the use of private companies for stated public purpose
- Government acquires land for Public Private Partnership Projects.
- Schedule I outlines the proposed minimum compensation based on a multiple of market value.
- Schedule II through VI outlines the resettlement and rehabilitation entitlements to land owners and livelihood losers, which shall be in addition to the minimum compensation per Schedule I.

Below elaborates some important provisions:

- Section 16 of the Act briefs on the preparation of RAP, publication and public hearing of RAP. Relevant points include: (a) Upon the publication of the preliminary notification by the collector, the Administrator for Rehabilitation and Resettlement shall conduct a survey and undertake a census of the affected families.
- A draft Rehabilitation and Resettlement Scheme shall be prepared by the Administrator which shall include particulars of the R&R entitlements of PAPs. The draft shall include time limit for implementing the Scheme. The Scheme shall be discussed in the concerned Gram Sabha or Municipalities.

RP&F for Assam State Roads Project February, 2018  
PWD, Government of Assam

- A public hearing shall be conducted after adequate publicity about the date, time and venue in the affected area. Following the public hearing, the Administrator shall submit the draft Scheme along with a specific report on the claims and objections raised in the public hearing to the Collector.
- As per Section 25, the Collector shall make an award within a period of twelve months from the date of publication of the declaration and if no award is made within that period the entire proceedings for the acquisition of the land shall lapse, provided that the appropriate Government shall have the power to extend the period in circumstances justifying the same and any such decision to extend the period shall be recorded in writing and be notified and uploaded on the website of the authority concerned.
- Section 25, 29 and 30 of the Act briefs on the methodology of determining the market value of the land and other properties.
- After determining the total compensation to be paid, a "Solatium" as prescribed in the Act shall be added to the compensation.

**Issues and Quantum of LA:** After the effectiveness of RFCTLARR from January 1, 2014, the balance land remained to be acquired is 5.6 hectares. Differential compensation amount to be paid is for 13.5 hectares of land as the awards for this quantum of land was declared after January 1, 2014.

#### 4. ENTITLEMENT MATRIX FOR RESETTLEMENT AND REHABILITATION

Following the principles and requirements of new LA and R&R Act 2013 (RFCTLARR), a revised Entitlement Matrix has been prepared for the project and presented in Table 1.

# **Terms of Reference of RP Implementation Agency**

## 1. Background

The Asom Mala program will be executed by the Chief Engineer (EAP), of PWRD, GoA. A Program Management Unit (PMU) at Guwahati is formed under the Chief Engineer (EAP). A Project Coordination and Management Consultant (PCMC) has been selected to assist the PMU for planning, execution and monitor the Asom Mala program. The Detailed Project Report (DPR) of roads is being prepared by the DPR Consultants. There will be Authority Engineer/ Construction Supervision Consultants (CSC), who will act as designated Engineer for the civil works contract with contractors to execute the civil construction. The Asom Mala program will be implemented through the Project Implementation Units (PIU) constituted as district level PWRD divisions.

The Assam Secondary Road Network Improvement Project (ASRIP), through loan assistance from the Asian Infrastructure Investment Bank (AIIB), is one of the projects under Asom Mala program. A Resettlement Planning Framework (RPF) for ASRIP, is being prepared with Direct Purchase Policy of the state, relevant national and state Acts, Rules, Policies and Guidelines and Environmental and Social Framework (ESF) of AIIB. The RPF outlines objectives, policy principles and procedures for land purchase, land acquisition, compensation, mitigation measures and other assistance for Displaced Persons (DP)<sup>1</sup> or Displaced Families (DF) including the mitigation measures of the non-titled Displaced Persons.

The detailed Social Impact Assessment (SIA) will be prepared based on complete enumeration of Displaced Families (DFs) and socio-economic data/ information of impacted DFs generated through sample surveys. The SIA of the DFs will be taken up for each road so as to determine the magnitude of displacement and potential losses, and identify vulnerable groups. The Resettlement Plan (RP) and Indigenous Peoples Plan (IPP), if required, will be prepared on the findings of the SIA and the guidelines of the RPF by ascertaining cost of resettlement and formulate a resettlement and rehabilitation plan for implementation for each road project falling under Involuntary Resettlement.

The Chief Engineer (EAP) intend to engage Consultancy services for implementation of Resettlement Plans of ASRIP Projects. The detail of the Consultancy packages and respective timeline for implementation of Resettlement Plans under these packages are provided in Annexure-1A and Tentative Staff Requirement for each package is provided in Annexure -1B of these terms of reference.

# **Terms of Reference for Monitoring and Evaluation Consultants**

## A. Introduction

The PWRD intends to hire the services of an independent consultant to monitor and evaluate implementation of the RP being carried out by the PIU with the support of the Implementation Agencies deployed. Monitoring and evaluation will include, but will not be limited to, (i) the progress and effectiveness of the implementation of the RP; and (ii) the evaluation of income restoration and post- resettlement conditions of the displaced persons (DPs) and affected communities, including host communities.

## B. Objectives and Requirements of Monitoring and Evaluation

The objectives of the M&E consultancy services are (i) to assess the implementation of the RP; (ii) to monitor the schedules and the achievement of targets; and (iii) to evaluate whether the outcomes of social development objectives of the project are being achieved. The objectives of monitoring and evaluation are to assess whether the LARP is implemented on schedule and within budget and whether the goals and principles of the LARP are achieved. Specifically, monitoring and evaluation will focus on the following aspects of the DPs' situation and the resettlement process.

- Social and economic situation prior to and after land acquisition and/or resettlement;
- Timely disbursement of funds;
- Functioning of the grievance redress mechanism
- Environmental conditions;
- Social adaptability after resettlement;
- Rehabilitation of vulnerable groups
- Special items related to the vulnerable groups;
- Condition and quality of land temporarily acquired when it is returned to the original land users;
- Measures taken to restore affected livelihoods; and,
- Living conditions and economic status of DPs following resettlement in comparison to the “without project” scenario.

## C. Scope of Services

The Consultant will undertake to do the following assignments:

- i. Undertake the supervision of RP implementation to ensure the delivery of entitlements to DPs in accordance with the provisions and procedures of R&R Policy;
- ii. Advise and guide the RP Implementation Agency to implement the RP in accordance with their Terms of Reference;
- iii. Assist the PIU and field units to oversee the implementation of RP;
- iv. Participate in periodical meetings held between PIU and RP Implementation Agency/ district administration to assist the PIU for successful outcomes of the meetings;
- v. Undertake reviews on behalf of PIU of all documents and reports related to land acquisition and resettlement received from the RP Implementation Agency and consultants and advise the PIU for taking appropriate decisions on such reports;

- vi. Assist the PIU to respond to the World Bank on any matters related to the implementation of RAP and related matters;
- vii. Provide certification prior to invitation of bid of the milestone confirming the completion of land acquisition, payment of compensation, mitigation of resettlement impacts and reconstruction of community properties in the respective stretches;
- viii. Ensure synchronization of R&R implementation with civil works timetable to avoid time and cost over runs. This should be done in close co-ordination with the construction supervision consultants;
- ix. Assist PIU in reviewing any additional reports submitted by the consultants or RAP Implementation Agency during the implementation;
- x. Prepare annual reports on the implementation of Resettlement Plan including land acquisition and payment of compensation;
- xi. Organization of periodical training in the implementation of RP and delivering of entitlements, consultations etc. to PIU staff and RP Implementation Agency as necessary.

Monitoring and evaluation will include (i) the verification or establishment of a socio-economic baseline of the DPs prior to actual {land acquisition, physical displacement/relocation, loss of assets or disruption of businesses (as relevant)}; (ii) verification of internal monitoring data and reports; (iii) the regular monitoring of their {resettlement or displacement/relocation (as relevant)} and adjustment during Project implementation; and (iv) evaluation of their situation for a period of {one or two years} after land acquisition or displacement or relocation (as relevant)}. In addition, qualitative and quantitative evaluation will be made on the sustainability of living conditions of DPs. Investigation will include consultations and observations with DPs, IAs, local officials, village leaders, as well as a quantitative sample survey of at least 20% of displaced households. Focus group discussion will be conducted with male and female DPs, and vulnerable groups.

If the findings of the EM indicate significant compliance gaps, the EM will work with the EA and PIU to prepare a separate corrective action plan (CAP) in cooperation with the relevant stakeholders, to address pending or new LAR impacts. The EM will monitor and report on the implementation of the CAP.

The consultant will carry out impact assessment four times during the contract period, one at the end of each year of the contract period. Each evaluation will cover all AFs who have spent more than 6 months after receiving compensation or assistance or both.

For concurrent Impact Evaluation the M& E Consultant shall:

- i. Verify whether the objectives of resettlements have been realized, particularly the changes in the living standards;
- ii. Impact assessment is to be compared with the baseline values for key socioeconomic as given in the RP. If such information is not available information based on the same time of survey, has to be collected on recall basis;
- iii. to assess whether the compensation is adequate to replace the loss assets;
- iv. to assess how the compensation has been utilized;

- v. assess the perceived benefits and losses of resettlement
- vi. Assess the level of satisfaction of the various assets provided as part of R&R implementation;
- vii. Based on the impact assessment, suitable remedial measure is to be proposed for any shortcomings and;
- viii. Remedial measure if DPs are not able to improve their living standards.

#### **D. Monitoring Indicators**

Monitoring will include process, output and outcome indicators. The monitoring framework and formats stipulated in the RPF and RP will be adopted. The following general indicators will be covered.

- i. Disbursement of entitlements to DPs and enterprises/businesses: compensation, relocation, housing, cultivated farmland, and employment as specified in the LARP.
- ii. Provision of relocation options: the displaced persons must move into chosen resettlement/ housing option at least one month before physical displacement/relocation; for those opting for self-construction, payment of compensation and provision of housing sites should be completed at least three months before physical displacement/relocation; the compensation for construction of houses should be equivalent to the replacement cost; the DPs must receive their entitlements and allowances on time.
- iii. Development of economic productivity: re-allocation of cultivated land, land restoration, job opportunities available to DPs, number of DPs employed or unemployed.
- iv. Standard of living: Throughout the implementation process, the trends in standards of living will be observed and the potential problems in the way of restoration of standards of living will be identified and reported. The Monitor will carry out a comprehensive socio-economic survey after the completion of resettlement implementation to document the standards of living and the conditions of the DPs after resettlement. The survey will be updated annually.
- v. Restoration of civic infrastructure: all necessary infrastructure should be restored at the resettlement sites at least up to a standard equal to the standard at the original location; the compensation for all infrastructure should be sufficient to reconstruct it to the same quality
- vi. Effectiveness of Resettlement Planning. Adequacy of assets measurement, entitlements, sufficiency of budget, and timeliness of mitigation measures.
- vii. Level of satisfaction of DPs: level of satisfaction of DPs with various aspects of the resettlement program; the operation of the mechanisms for grievance redress will be reviewed and the speed and results of grievance redress measures will be monitored.
- viii. Social adaptability and cohesion: impact on children, indigenous peoples/ethnic minorities and other vulnerable groups, public participation, DPs' attitudes and reaction to post resettlement situation, number of complaints and appeal procedures,

implementation of preferential policies, income restoration measures, and improvements in women's status in villages.

- ix. Other Impacts. The monitor will verify if there are unintended environmental impacts and impacts on employment and incomes.

#### **E. Special Considerations**

Special attention will be paid to women, indigenous peoples/ethnic minorities/groups, as well as the poor and vulnerable groups during monitoring; these include:

- i. The status and roles of women: Closely monitor any change in women's status, function and situations. At least 40% of DPs surveyed will be women.
- ii. Differential impacts on indigenous peoples/ethnic minority groups. Closely monitor the socio- economic status of indigenous peoples to ensure that they have not been further marginalized. Monitoring indicators should to the extent possible be disaggregated by gender and ethnicity.
- iii. Care and attention to vulnerable groups: Closely monitor living conditions of the poor, the elderly, the handicapped, female headed households and other vulnerable groups after resettlement, to ensure that their livelihood is improved.
- iv. Monitoring and evaluation will provide information on the utilization and adequacy of resettlement funds.

#### **F. Reporting**

The Consultant shall submit the following reports:

- i. Inception Report with mobilization details
- ii. Quarterly Monitoring Reports
- iii. Evaluation Reports(four)
- iv. Annual progress Reports
- v. Final Completion Report containing implementation experience and lessons learned. All reports should be submitted in hard copy and soft copy in MS Word for easy transmission.

#### **G. Methodology**

As a part of the proposal, the consultants will propose the methodology to carry out the assignment. The methodology shall describe briefly (3-5 pages) the approach the consultant will adopt in carrying out the assignment and realize the objectives of the assignment.
